RESOLUTION NO. 2024184

RE: ACCEPTING NEW YORK STATE LAW ENFORCEMENT TECHNOLOGY (LETECH) GRANT FUNDS AND AMENDING THE 2024 ADOPTED COUNTY BUDGET AS IT PERTAINS TO THE DUTCHESS COUNTY SHERIFF

Legislators FAUST, POLASEK, D'AQUANNI, GORMAN, ROLISON, VERSACI, and CASWELL offer the following and move its adoption:

WHEREAS, the Dutchess County Sheriff (hereinafter "Sheriff") has advised that the New York State Division of Criminal Justice Services has awarded the County funding under the State's Law Enforcement Technology ("LETECH") grant in the sum of $192,800 to be utilized in the acquisition of law enforcement technology and equipment, and

WHEREAS, the grant covers the SFY 2024-2025 period of April 1, 2024 through March 31, 2025, and will be provided in one payment, and

WHEREAS, the Sheriff advises that the grant funds will support the Unmanned Aircraft Unit, Special Operations Bureau and the Detective Bureau as each utilizes technology in the form of equipment and software to identify and prevent crime in Dutchess County, and

WHEREAS, the Sheriff has identified a list of equipment and software which will assist with search and rescue operations, missing persons, crime scene documentation and many other public safety needs, as follows:

1. Drone Monitor (Base Station) Cases - $1,950
2. Exterior and Interior Drones - $30,883
3. Berla Criminal Investigation computer software which allows detectives to obtain critical data from vehicles that are involved in serious or fatal motor vehicle collisions - $28,550
4. Faro Crime Scene Scanners to precisely document, map, and create 3d models of crime scenes - $52,503
5. FLOCK camera systems to be added to the current network of cameras - $78,792

WHEREAS, it is necessary to amend the 2024 Adopted County Budget to accept such funds and provide for the receipt and expenditure of said funds, now therefore, be it

RESOLVED, that this Legislature hereby authorizes the County Executive to take any action necessary to accept the grant award from New York State in connection with the above, and be it further

RESOLVED, that the Commissioner of Finance is hereby authorized, empowered and directed to amend the 2024 Adopted County Budget as follows:

FROM: Kirk Imperati, Sheriff

DATE: October 8, 2024

RE: Resolution Request

Herewith enclosed please find a Resolution Request Form and Fiscal Impact Statement for a resolution which I would like to present at the next available Meeting of the County.

The Dutchess County Sheriff's Office received a State's Law Enforcement Technology (LETECH) grant for Fiscal Year , (FY) 2024-2025 in the amount of $192,800 to be utilized for technology related to unmanned aircraft (drones), criminal investigations, and various other public safety programs.

The Dutchess County Sheriff's would like to use the grant funds awarded to support the Unmanned Aircraft Unit, Special Operations Bureau and the Detective Bureau. Each one utilizes technology in the form of equipment and software to identify and prevent crime in Dutchess County. The equipment and software listed below will assist with search and rescue operations, missing persons, crime scene documentation, and many other public safety needs. See the list of equipment and software below that the Dutchess County Sheriff's Office has been approved to purchase pursuant to the issued grant:

1. Drone Monitor(Base Station) Cases – These cases will allow for a faster set up and deployment time when setting up drones for search and rescue related calls. The cases are built to be utilized in the field and stored in emergency response vehicles. B&H has provided a quote which indicates a cost of $1949.98
2. Exterior and Interior Drones – One drone will be utilized to support search and rescue missions and will replace a drone that has reached the end of it's service life. Three drones and accessories being purchased are designed for interior building searches that are often used for barricaded subjects as well as building collapses where it is unsafe to send first responders. Adorama has provided a quote for $30,882.50.
3. Berla Criminal Investigation computer software which allows Detectives to obtain critical data from vehicles that are involved in serious or fatal motor vehicle collisions. Berla has provided a quote of $28,550.
4. Faro Crime Scene Scanners that will be utilized to precisely document, map, and create 3d models of crime scenes. Faro has provided a quote of $52,503.42.
5. FLOCK camera systems to be added to the current network of cameras that are utilized to capture vehicle make, model, color and other features that aid law enforcement with locating missing persons as well as solve crimes. FLOCK Safety has provided a quote of $78,792.

It is requested that the County Legislature approve moving the State's Law Enforcement Technology (LETECH) Grant for Fiscal Year (FY) 2024-2025 in the amount of $192,800 into the Dutchess County Sheriff's Office operating budget for 2024.

Please let me know if you have any questions or need any additional information. Thank you for your consideration.

DCJS Law Enforcement Technology Program 24-25 - Grantee Attestation

Grantee Agency *

Dutchess County Sheriff's Office

Award Amount *

$192,800.00

Signatory Email *

A copy of the attestation will be sent to the email provided.

Upon submission of this attestation, these funds will be provided in the form of a block grant, to the above-named law enforcement agency, for the purposes outlined in the previously submitted application for law enforcement technology and equipment.

By signing and submitting this attestation, you as the grantee are agreeing to adhere to the intended purposes of the LETECH Application for Funding.

Award Requirements

1. Submit annual expenditure-based reporting in a manner determined by DCJS that demonstrates that the funding provided to the grantee was used for its intended purpose, to support the law enforcement technology and equipment needs illustrated in the previously approved items list on application for funding and/or your agency's grant award letter.
    i. Please note that this report must be filed annually until all the award dollars are expended for the intended purposes.

2. That the above-named agency affirms that DCJS has the right to audit all documentation related to the purchase of this law enforcement technology and equipment funded through the above-mentioned grant.

3. As a condition of this funding award, any relevant data or information generated by technology or equipment procured with these funds must be shared with the New York State DCJS Crime Analysis Center Network to enable them to support investigations more fully. This data includes but is not limited to license plate reader data, gunshot detection system data, surveillance camera feeds (where appropriate), records management system (RMS) data, computer aided dispatch (CAD) system data, body-worn cameras (where appropriate), and any relevant software systems (as appropriate). You are requested to engage with your local crime analysis center to develop a plan for the provision or integration of this data.

4. In addition to any county or municipal procurement restrictions, awardees must adhere to all current state and federal guidance, as it relates to any of the specific equipment supported through this award. These restrictions include, but are not limited to, entities that appear on the OGS debarment list or the state's Prohibited Entities List or which have been identified in the National Defense Authorization Act (NDAA) Section 889 - Prohibition on Contracting with Entities Using Certain Telecommunications and Video Surveillance Services or Equipment.

5. This attestation must be signed and received prior to DCJS releasing the funds to the above-named agency.

*

☐ I acknowledge that I have read, understand, and agree to comply with all of the above award requirements.

Product and Services Description

Flock Safety Platform Items	Product Description
FlockOS ™ - Essentials	An integrated public safety platform that detects, centralizes and decodes actionable evidence to increase safety, improve efficiency, and connect the community.
Flock Safety Falcon ®	Law enforcement grade infrastructure-free (solar power + LTE) license plate recognition camera with Vehicle Fingerprint ™ technology (proprietary machine learning software) and real-time alerts for unlimited users.
Professional Services - Standard Implementation Fee	One-time Professional Services engagement. Includes site and safety assessment, camera setup and testing, and shipping and handling in accordance with the Flock Safety Standard Implementation Service Brief.

FlockOS Features & Description

FlockOS Features	Description
Community Network Access	The ability to request direct access to feeds from privately owned Flock Safety Falcon® LPR cameras located in neighborhoods, schools, and businesses in your community, significantly increasing actionable evidence that clears cases.
Unlimited Users	Unlimited users for FlockOS
State Network (License Plate Lookup Only)	Allows agencies to look up license plates on all cameras opted into the Flock Safety network within your state.
Nationwide Network (License Plate Lookup Only)	With the vast Flock Safety sharing network, law enforcement agencies no longer have to rely on just their devices alone. Agencies can leverage a nationwide system boasting 10 billion additional plate reads per month to amplify the potential to collect vital evidence in otherwise dead-end investigations.
Law Enforcement Network Access	The ability to request direct access to evidence detection devices from Law Enforcement agencies outside of your jurisdiction.
Time & Location Based Search	Search full, partial, and temporary plates by time at particular device locations
License Plate Lookup	Look up specific license plate location history captured on Flock devices
Vehicle Fingerprint Search	Search footage using Vehicle Fingerprint™ technology. Access vehicle type, make, color, license plate state, missing / covered plates, and other unique features like bumper stickers, decals, and roof racks.
Insights & Analytics	Reporting tool to help administrators manage their LPR program with device performance data, user and network audits, plate read reports, hot list alert reports, event logs, and outcome reports.
ESRI Based Map Interface	Map-based interface that consolidates all data streams and the locations of each connected asset, enabling greater situational awareness and a common operating picture.
Real-Time NCIC Alerts on Flock ALPR Cameras	Receive automated alerts when vehicles entered into established databases for missing and wanted persons are detected, including the FBI's National Crime Information Center (NCIC) and National Center for Missing & Exploited Children (NCMEC) databases.
Unlimited Custom Hot Lists	Ability to add a suspect's license plate to a custom list and get alerted when it passes by a Flock camera

By executing this Order Form, Customer represents and warrants that it has read and agrees to all of the terms and conditions contained in the Master Services Agreement attached.
